

Regents Comprehensive Examination in English—January 2011 Chart for Determining the Final Examination Score

(Use for January 2011 examination only.)

To determine the student's final examination score, locate the student's total score for Questions 26, 27, and 28 across the top of the chart and the student's total multiple-choice score down the side of the chart. The point where those two scores intersect is the student's final examination score. For example, a student receiving a total score for Questions 26, 27, and 28 of 7 and a total multiple-choice score of 16 would receive a final examination score of 67.
